Item 11: Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Approach to Executive Compensation

Our compensation programs are designed to align management with our short and long term organizational goals and to align the interests of management with the interests of our shareholders. We believe we have a consistent and transparent approach for decision making with respect to compensation, utilizing among other things market information, geographic and industry specific data and individual skills, experience and performance as major guiding factors in our decisions.

Our overall philosophy is to achieve the objectives of our compensation program by positioning aggregate compensation at a level that is commensurate with the Company's size, complexity and financial performance, as well as with each individual's prior experience and current performance on the job. We also consider competitive market data specific to each of our locations. The objectives of our compensation programs are to:

- attract, motivate and retain the best available executive talent
- provide our executives with both cash and equity incentives
- provide a vehicle for long term wealth creation for our executives based primarily on stock appreciation

This document describes the material elements of compensation awarded to, earned by, or paid to each of our executive officers during the last completed fiscal year. This document focuses on the information contained in the following tables and related footnotes and narrative for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent that it enhances the understanding of our executive compensation disclosure.

The Compensation and Management Development Committee

The Compensation and Management Development Committee, or the "Compensation Committee," oversees the Company's compensation programs and reviews and approves the annual compensation designed for the Chief Executive Officer and the executive officers named in the Summary Compensation Table included on page 7 of this Amendment No. 1 to the Company's annual report.

The Compensation Committee is currently composed of two directors although through 2007 a former director was also a member: William Brock and Wayne McLeod. The Compensation Committee is responsible for providing oversight and review of the Company's compensation and benefit plans, reviewing the Chief Executive Officer's compensation and his recommendations on compensation of all officers, adopting and changing major compensation policies and practices, reporting its recommendations to the Board of Directors for approval and authorization and administering the Company's equity incentive plans. The Compensation Committee has the authority to select directors and officers to receive awards under the 2000 Plan. No member of this committee was an officer or employee of the Company during fiscal 2007 and all members are "independent directors" as defined in Rule 4200 of the NASD's listing standards and as required by Rule 4350(c)(3) of the NASD's listing standards.

Elements of Compensation

Total compensation is comprised of base salary, a short term annual incentive plan, benefits and perquisites, long-term equity compensation and termination benefits.

Base Annual Salary

We pay a base salary, which we believe is fair and competitive, to attract talented executives in each location and provide a secure base of cash compensation.

Salary ranges for our executive officers have been developed for each position using external market data collected through third party surveys and internal data. The ranges are based on the responsibilities and scope of each position and the experience, skills and leadership capabilities required to perform each position. The executive's position within the range is largely determined by individual performance, the experience level of the individual and the length of time in the role.

For the executive officers, the Chief Executive Officer prepares a salary recommendation following a review of individual performance, competitive market data and affordability for the Company. The recommendation is presented to the Compensation Committee. The Compensation Committee relies in part on the Chief Executive Officer's evaluation of each executive officer's performance in deciding whether to make an adjustment to his or her base salary in a given year. In the case of a change in role, careful consideration is given to the new responsibilities, external pay practices

Table of Contents

and internal peer comparisons, in addition to past performance and experience. Following a review of annual performance, the Chief Executive Officer prepares salary adjustment recommendations based on the individual's current performance level and the positioning of the individual to the market based salary range and presents these recommendations to the Compensation Committee.

Prior to 2006, salary adjustments were considered on the anniversary of the executive officer's date of hire. At the November 2006 meeting of the Compensation Committee, a proposal was presented and accepted to review the base salaries of all executive officers in March of each year, with any resulting changes effective on April 1st of each calendar year. This timing is in alignment with the rest of the salaried and professional workforce.

Effective April 1st, 2007, the Compensation Committee increased the base salaries of Ms. Todd to CDN\$252,500 from CDN \$244,000, Mr. Hoffrogge to CDN\$274,500 from CDN \$264,000 and Mr. Simpson to CDN \$230,000 from CDN \$210,000. The last prior increase was in 2005.

With respect to the base salary of the Chief Executive Officer, the Board considers individual and company performance, as well as external market practices, prior to recommending any changes. In the years 2003 through 2006, the Chief Executive Officer requested the Board of Directors defer consideration of any adjustment to his base salary until the transformation plan was completed and the Company restored sustained profitability. Effective April 1, 2007, the Compensation Committee increased the base salary of Mr. Caldwell to CDN \$534,000 from CDN \$504,000. This was the first increase provided to Mr. Caldwell since he became Chief Executive Officer.

Salary increases were not granted for executive officers for April 1, 2008 due to financial performance in 2007 and affordability consideration for the Company.

Short Term Incentive Plan

We provide a short term incentive plan for executives and management to reward overall company performance with respect to revenue, earnings and cash flow. This variable pay for annual performance aligns our management team with the Company's annual business plan by establishing corporate goals that drive to the financial targets established in the short term incentive plan as described below.

In March 2007, the Compensation Committee approved the continuation of a short term incentive plan for executives and managers in the Company (the "Incentive Plan"). The Incentive Plan is based on achievement of certain targets established by the Board of Directors, including quarterly targets, with each quarter representing 17.5% of the overall bonus and the full year results representing 30% of the overall bonus. The Incentive Plan is based 50% upon the achievement of our consolidated pre-tax earnings target, 25% upon the achievement of our revenue target, and 25% upon the achievement of our cash flow targets. The Company must meet at least 85% of its pre-tax earnings target to trigger payout under the Incentive Plan in any one quarter or for the annual portion payout, and 60% overall for a payout of any kind. The Incentive Plan is established with several levels of participation based on position in the company. For the Chief Executive Officer, the target bonus is set at 100% of annual base salary. For the other executive officers, the target bonus is set at 50% of annual base salary. There were no bonuses achieved under the Incentive Plan with respect to 2007.

Under the terms of Mr. Caldwell's compensation arrangements, the Compensation Committee determines the amount, if any, of any short term incentive award and at its sole discretion may make such award in the form of cash, stock or deferred share units ("DSUs"). A DSU is not an equity interest but is instead the right to receive a payment at a later date as measured in "units," whereby a single unit is equal to the fair market value of a single share of the Company's Common Stock on any given date. For example, a DSU award set at 100,000 units with a grant price of \$1.00 per share (set at the date of grant) is initially valued at \$100,000. But at a later date, when the fair market value of the Common Stock has changed, the DSU will either be worth more or less. On the date that the DSU grant is paid out (generally the date the executive is no longer employed by, or provides services to, the Company), the holder will be entitled to a payment equal to the fair market value of each Unit on that later date. In our example, if the fair market value of the Common Stock on the date that the holder has the right to payment is \$2.00 per share, then the executive will receive a payment of \$200,000. Alternatively, if the fair market value is equal to \$0.50, the payment will only be equal to \$50,000. We believe that a DSU award provides an incentive to the executive officers to work to increase shareholder value, without having a dilutive effect on the Company's capital structure.

In March of 2007, the Board of Directors awarded Mr. Caldwell 136,425 DSUs in lieu of a bonus based on his 2006 performance. The grant was approved by the Board of Directors effective March 16, 2007, and was valued at \$424,282, based on the closing stock price on that day of \$3.11. Under Mr. Caldwell's deferred stock unit agreement, all DSUs must be held by Mr. Caldwell until he is no longer an employee and director of the Company.

In March 2008, the Compensation Committee approved the recommendation to continue the Incentive Plan into 2008,

Table of Contents

with some modifications including amendments to the performance measures and payout targets. Specifically, the performance measures of the Incentive Plan were changed to a 60% weighting on pre-tax income and 40% weighting on cash flow. As well, the payout targets were altered to reflect financial targets based on the 2008 business plan. All other facets of the plan design are to remain the same.

Long-Term Equity Compensation

Our long term compensation plan is comprised of grants of stock options under the 2000 Plan. We provide performance-based long-term equity compensation opportunities to the executive officers as a means of aligning their interests directly with those of our shareholders. In addition to fostering a sense of ownership in the executive team, long-term equity compensation also allows us to attract and retain qualified senior leaders to the organization.

We believe stock options are inherently performance-based because the exercise price is equal to the market value of the underlying stock on the date the option is granted, and therefore the option has value to the holder only if the market value of the Company's Common Stock appreciates over time. In this way, stock options are intended to provide equity compensation to our executives while simultaneously creating value for our shareholders.

How Grants are Awarded

There is no set formula for the award of options under the 2000 Plan. Factors considered in making option awards generally include:

- Position with the Company
- Importance of retaining the individual's services
- Employee's past and expected future contributions to the Company
- Individual's history of past awards
- Employee's time in current position
- Changes in responsibility or scope of position

The Chief Executive Officer prepares a recommendation to the Compensation Committee for each executive officer considered for option awards.

Timing of Awards

Historically, the executive officers were typically awarded stock options upon hire and then on an ad-hoc basis thereafter. At the Compensation Committee meeting in November 2006, the Compensation Committee granted options to all of our executive officers. The Compensation Committee determined that in the future it will consider grants annually following the release of the Company's third quarter results in November of each year. We expect that the exercise price for each share of Common Stock subject to an option granted will be the closing price of our Common Stock on the date which is three days following the release of our financial results. The Compensation Committee will also consider granting awards at other times during the year as circumstances warrant, such as upon the appointment of new personnel.

2007 Stock Option Grants

The options granted in 2007 to each of the executive officers is indicated in the table labeled "Grants of Plan Based Awards" appearing on page 9 of this Amendment No. 1 to the Company's annual report.

Perquisites and Benefits

The Company provides those perquisites that it feels are necessary to enable the executive officers to efficiently perform their responsibilities and to be competitive in the market. These perquisites are described below.

Car Allowance

The Company provides a monthly car allowance to the executive officers as a means of providing additional cash compensation.

Income Tax Planning

Following his relocation to Canada from the United States, the Company agreed to provide Mr. Hoffrogge with reimbursement for the reasonable costs of income tax advice and filing of his income tax returns for 2004, 2005 and 2006, up to a maximum of CDN \$6,000 per year. This arrangement expired on December 31, 2007.

Table of Contents

Professional Dues

The Company provides a reimbursement for expenses relating to professional dues for the executive officers.

Tax Equalization Payments

The Company provides a tax equalization arrangement for Mr. Hoffrogge, in order to assist him in his relocation from the United States to Canada. Specifically, Mr. Hoffrogge was entitled to receive reimbursement for the difference in the income tax applicable to the base salary for the years 2005, 2006 and 2007, and the Incentive Plan payouts for the years 2004, 2005 and 2006. This arrangement expired on December 31, 2007.

Group Insurance Benefits

Executive benefits are arranged under a basic group plan which provides a safety net of protection against the financial catastrophes that can result from illness, disability or death. This plan is offered at no cost to the executive officers.

Retirement Plans and Other Benefits

The Company does not operate a retirement plan for its executive officers.

Selection and Balance of Components of Compensation

The Compensation Committee determines the mix and balance of each of our compensation elements by considering data from our peer group of manufacturing and industrial companies in the geographies in which we operate. In general, the amount of base salary, potential bonus and potential stock-based compensation for each executive officer is chosen to achieve our objectives of meeting the Company's business goals, attracting and retaining top quality executives, and enhancing the interests of our Stockholders by maximizing return on invested capital.

For the Chief Executive Officer, base salary constitutes approximately 40%—45% of total direct compensation. For the other executive officers, base salary constitutes up to 50%—60% of total direct compensation.

Role of Executive Officers in the Compensation Committee

The Vice President of Human Resources takes direction from and brings recommendations to the Compensation Committee. She also oversees the implementation of plans approved by the Compensation Committee. She provides documentation to the Compensation Committee related to matters including performance of management, compensation and benefits and succession planning.

The Chief Executive Officer reports to the Compensation Committee his evaluations of the executive officers' individual performance and makes compensation recommendations with respect to base salary and annual and long-term incentives.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT

The Compensation and Management Development Committee of the Board has reviewed and discussed with Company management the Compensation Discussion and Analysis included in this annual report. Based on such review and discussions, the Compensation and Management Development Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this annual report for filing with the Securities and Exchange Commission.

SUMMARY COMPENSATION TABLE

The table below provides information concerning the compensation of our executive officers.

In the “Salary” column, we disclose the base salary paid to each of our executive officers.

In the “Bonus” column, we disclose the total amount of cash bonuses earned by our executive officers.

In the “Deferred Stock Units” and “Option Awards” columns, we disclose the compensation expense related to awards of options in accordance with Statement of Financial Accounting Standards No. 123 (revised 2004), “Share-Based Payment” (“SFAS 123R”), without reduction for assumed forfeitures. The SFAS 123R fair value of our stock options is calculated based on assumptions summarized in Note 6 to our audited consolidated financial statements, which are included in our 2007 Annual Report, and for which we recognize expense ratably over the vesting period.

In the column “All Other Compensation,” we disclose the sum of the dollar value of all other compensation that could not properly be reported in other columns of the Summary Compensation Table, including perquisites and amounts reimbursed for the payment of taxes.

POST-TERMINATION COMPENSATION AND CHANGE OF CONTROL PAYMENTS

Mr. Caldwell's employment was governed by an employment agreement dated February 7, 2005, until that employment agreement was superceded by an employment agreement dated August 15, 2006. With respect to the other executive officers prior to fiscal year 2007, the terms of employment regarding compensation and termination benefits were governed by terms outlined in individual offers of employment. In March of 2007, we amended the employment agreement with Mr. Caldwell, and the employment arrangements for Mr. Hoffrogge, Ms. Todd and Mr. Simpson were formalized into employment agreements that mirrored the provisions outlined in each original offer letter. There are no changes between Mr. Caldwell's prior agreement and the offer letters that had been in place with Mr. Hoffrogge, Ms. Todd and Mr. Simpson as compared to the new employment agreements with respect to any of the termination provisions detailed in this section.

Termination Without Cause

The executive officers have employment agreements with the Company that provide compensation upon termination for other than cause.

Under the agreements, the Company provides its executive officers, except for the Chief Executive Officer, with benefits equal to:

- Salary continuation for a period of twelve (12) months, plus one (1) month for every completed year of active employment beyond ten (10) years of service, in the case of Mr. Simpson, and beyond twelve (12) years of service, in the case of Ms. Todd and Mr. Hoffrogge, to a maximum of eighteen (18) months of salary continuance, and
- benefits continuation for the severance period.

In the event that, prior to the end of the salary continuation period, the executive officer obtains alternative employment that provides total remuneration that is at least 75% of the executive officer's total compensation previously provided by the Company, then the salary continuation payments will be discontinued and the Company will provide a lump sum payment, less applicable deductions, that is equivalent to 50% of the then remaining salary continuation payments that the executive officer would have been entitled to.

The Chief Executive Officer's employment agreement also provides compensation upon termination for other than cause. Under this agreement, the Company provides the Chief Executive Officer a lump sum payment, less applicable statutory deductions, equivalent to two times the aggregate base salary and benefits plus the target bonus payable under the Incentive Plan.

In the event that an executive officer is terminated without cause and is the recipient of the compensation described

Table of Contents

above, the executive officer must adhere to certain non-solicitation and confidentiality covenants in his or her respective employment agreement in order to receive such compensation during the severance period. Specifically, such executive officer cannot solicit any of the Company's customers or employees for a period of eighteen (18) months, and he or she cannot disclose or make use of any of the Company's confidential information in the same manner that was agreed to in the employment agreement. If the executive officer violates any of these covenants during the salary continuation period, all salary continuation payments and any rights to such will be terminated.

Based on a hypothetical termination date of December 31, 2007, the severance benefits for the executive officers are as follows:

	<u>Base Salary</u>	<u>Benefits & Perquisites (a)</u>	<u>Bonus</u>	<u>Total</u>
John Caldwell	\$997,710	\$77,248	\$997,710	\$2,072,669
Jane Todd	\$235,002	\$18,521	\$ —	\$ 252,127
Steve Hoffrogge	\$298,057	\$17,125	\$ —	\$ 386,800
Don Simpson	\$214,061	\$17,125	\$ —	\$ 231,1860

(a) The amounts shown in this column represent the following:

- (i) Mr. Caldwell's car allowance, professional dues and medical benefits.
- (ii) Ms. Todd's car allowance, professional dues and medical benefits.
- (iii) Mr. Hoffrogge's car allowance and medical benefits.
- (iv) Mr. Simpson's car allowance and medical benefits.

Termination in the Event of a Change of Control

The Company has included a change of control provision in the employment agreement of the Chief Executive Officer. In the event of a change of control as described below, if within six months following the change of control the Chief Executive Officer is terminated without cause or is constructively dismissed, the Chief Executive Officer is entitled to a lump sum payment, less applicable statutory deductions, equivalent to two times the aggregate base salary plus the target bonus payable under the Incentive Plan. In establishing this provision, the Board of Directors considered the market competitiveness of the arrangement and the Company's ability at the time to retain a qualified Chief Executive Officer.

Based on a hypothetical termination date of December 31, 2007, the severance benefit in the event of a change of control for the Chief Executive Officer is \$2,072,669.

In the Chief Executive Officer's employment agreement, a change of control is defined as follows:

- a) the acquisition, directly or indirectly and by any means whatsoever, by any one shareholder, or group of shareholders acting jointly or in concert, of more than 50% of the outstanding voting shares of the Company; or
- b) a sale by the Company (in one or more transactions) of all or substantially all of its assets to an unrelated third party, or other liquidation or dissolution; or
- c) a merger, consolidation, arrangement or other reorganization of the Company which results in the Company's shareholders owning less than 50% of the voting shares of the resulting entity.

Termination as a Result of the Privatization of the Company

In the event that the Company's common shares cease to be publicly traded or the Company ceases to be an SEC registrant (except by reason of a change of control where the executive officer continues as Chief Executive Officer of a successor public company), the Chief Executive Officer may at his option, deem his employment to have been terminated without cause. He would then be entitled to all of the benefits specific to him described above in "Termination Without Cause."

Accelerated Vesting of Stock Options in the Event of a Change of Control

The 2000 Plan contains provisions to protect the executive officers in the event of a change of control, defined in the 2000 Plan as a "covered transaction."

In the 2000 Plan, a covered transaction is defined as any of:

- (i) a consolidation or merger in which the Company is not the surviving corporation or which results in the acquisition of all or substantially all of the Company's then outstanding Common Stock by a single person or entity or by a group of persons and/or entities acting in concert,

Table of Contents

- (ii) a sale or transfer of all or substantially all of the company's assets, or
- (iii) a dissolution or liquidation of the Company.

In the event of a covered transaction:

- a) all outstanding awards shall vest and if relevant become exercisable, immediately prior to the covered transaction;
- b) all deferrals, other than deferrals of amounts that are neither measured by reference to nor payable in shares of Common Stock or exchangeable shares, shall be accelerated, immediately prior to the covered transaction; and
- c) upon consummation of a covered transaction, all awards then outstanding and requiring exercise shall be forfeited unless, in each case, such awards and deferrals are assumed by the an acquiring or surviving entity or its affiliate.

In connection with any covered transaction in which there is an acquiring, a surviving entity or in which all or substantially all of the Company's then outstanding Common Stock is acquired, the Compensation Committee may provide for substitute or replacement awards from, or the assumption of awards by, the company, the acquiring or surviving entity or its affiliates, as applicable.

Termination in the Event of Disability

The employment agreements of the executive officers provide for termination in the event of a partial or total disability of an executive officer.

"Partially or Totally Disabled" means any physical or mental incapacity, disease or affliction, as determined by a legally qualified medical practitioner, which prevents the executive officer from performing the essential duties of his position.

In the event that the executive officer is Partially or Totally Disabled for a period of six (6) months or less, he shall receive all remuneration including bonuses, payments and rights including all benefits provided for under the employment agreement, as if he were regularly and fully employed.

In the event that the executive officer is Partially or Totally Disabled for a continuous period of more than six (6) months, the Company shall be entitled to terminate the employment of the executive officer by giving written notice to the executive officer. In the event of a termination of employment under these circumstances, the executive officer shall be entitled to the salary continuance benefits that would have been payable if the termination was involuntary and not for cause (as described above).

Item 13: Certain Relationships and Related Transactions, and Director Independence

RELATED PARTY TRANSACTIONS

Stockholders Agreement

Certain of our current Stockholders and option holders are parties to a stockholders agreement that, among other things, provides for registration rights and contains provisions regarding the transfer of shares.

Directors' Relationships with Major Stockholders

One of our former directors, Blair Hendrix, is affiliated with a stockholder that beneficially owns greater than 5% of our Common Stock, the Bain Capital Funds.

Purchases from and Sales to an Affiliate of Major Stockholders

Certain funds advised by Bain Capital, LLC or its affiliates ("Bain Capital") acquired approximately 50% of the capital stock of MEI during the second quarter of 2006. Blair Hendrix, a former director of the Company, is also an Operating Partner of Bain Capital, and Bain Capital may be deemed to control MEI. All transactions between the Company and MEI in 2007 were in the normal course of operations.

Certain funds advised by Bain Capital are also stockholders of DDi Corp., one of our suppliers. Our transactions with DDi Corp., which totaled approximately \$1.4 million in 2007, are on equivalent terms as those with our other suppliers.

Employment Arrangements

The Company and each executive officer have entered into employment agreements. Each of these employment arrangements is more fully described under "Employment Agreements."

DIRECTOR INDEPENDENCE

The Board has determined that each of William Brock, Thomas Cowan, and Wayne McLeod is an "independent director" as defined in Rule 4200 of the Nasdaq Marketplace rules.

All members of the Nominating and Governance Committee are "independent directors" as defined in Rule 4200 of the Nasdaq Marketplace rules and as required by Rule 4350(c)(4) of the Nasdaq Marketplace rules.

Item 14: Principal Accountant Fees and Services

KPMG LLP acted as independent auditors for the Company for the year ended December 31, 2007.

Fees to the Company for professional services rendered by KPMG LLP during 2006 and 2007 were as follows: *Audit Fees*: U.S.\$610,470 for 2006 and U.S.\$700,500 for 2007; *Tax Fees*: U.S.\$5,841 for 2006 and U.S.\$27,900 for 2007, which were in connection with tax compliance matters; and *All Other Fees*: \$0 for each of 2006 and 2007.

In April 2004, the Board adopted an Audit and Non-Audit Services Pre-Approval Policy for the Audit Committee. Under the policy, the Audit Committee has pre-approved certain audit and audit related services, tax services and other services. The Audit Committee has determined that the provision of those services that are pre-approved in the policy will not impair the independence of the auditor. The provision of services by the auditor which are not pre-approved in the policy are subject to separate pre-approval by the Audit Committee. The policy also pre-approved certain specified fee levels for the specific services. Payments in excess of these specified levels are subject to separate pre-approval by the Audit Committee.

The Audit Committee has considered whether KPMG LLP's provision of non-audit services is compatible with its independence. We expect that representatives from KPMG LLP will be present at the Annual Meeting and will be available to respond to appropriate questions and have the opportunity to make a statement if they desire.
